

TWO THUMB BREWING CO.

CONTRACT BREWING & BOTTLING.

2018/2019

SMALL BATCH CONTRACT BREWING & BOTTLING RATES

Two Thumb Brewing Co is excited to announce we can now offer unique Small Batch contract brewing & bottling opportunities...

Alongside conventional contract brewing options, we are offering you the opportunity to brew your own beer... Yourself! We supply a brewer to assist with the brew and walk you through our equipment & processes we use here at Two Thumb brewing Co.

Additionally we have available a transportable (600lt) tank for moving product to your nominated packager. Alternatively we have onsite a manual 2 head bottle filler with CO2 purge and counterflow pressure which allows for filling bottles directly from kegs in smaller batches.

Day rate for bottling yourself on our kit = \$100.00 (incl gas/chemicals)

We use the Provider Bottles from Ol glass. In-house we stock 328ml, 518ml and 888ml bottles along plain black crown seal caps. We also have blank cartons to fit 12x 518ml bottles and/or 24 x 328ml bottles These consumables are available for purchase as below. Other bottle styles can be accomodated or you can provide your own.

328ml bottle = \$0.30 ea

518ml bottle = \$0.50 ea

888ml bottle = \$0.85 ea

Crown cap = \$0.05 ea

24 x 328ml plain carton = \$1.00 ea

12 x 518ml plain carton = \$0.85 ea

We will take the same care when brewing and/or bottling your product as we would for our own. We encourage you to participate in the brewing process, however we cannot insure against all risks, therefore Two Thumb Brewing Co will only brew and/or bottle your products on an "all care, no responsibility" basis.

500-800 LITRE BREW LENGTH = \$2.20 PER LITRE

- The pricing above is for a brewing or brewing assistant, conditioning, and filling of kegs.
- It includes brewing aids like kettle and conditioning finings, nutrients, etc.
- Price does not include malt, hops, yeast, excise tax, HPA (ALAC) tax. For information on Excise and HPA tax please refer to the NZ Customs website.
- We can buy ingredients and pay excise on your behalf. This will be passed on at cost price.
- A 50% deposit is required at order with remaining due at collection.
- Packaged beer must be removed from site within 3 working days of packaging. After that, a \$40 per day charge will occur and product is not guaranteed to be stored in a chilled environment.

All prices exclude GST

We have 1000lt & 2500lt fermenters to allow for double brews etc... For brew lengths other than 500-800lts please talk to us about options.
